Who Don't Know the Meaning of the Word

VOSE

No other piano so thoroughly satisfies the great mass of people. It is the great American Home Piano. The Vose tone and its great durability are the special points that have endeared it to its owners. We don't suppose that any piano of modern times has been so often copied by other manufacturers as has the Vose. But even today the Vose Piano has the advantage of being made by the Vose family, men who have spent their whole life in the study, development and up-building of this great piano. The envy of the dealer who has nothing to offer that compares with the Vose is shown in his rage when you but mention the word Vose. The superior finish and workmanship of the Vose piano could easily be discovered to the touch of even a blind man.

We Sell a New VOSE For \$360, \$10 Monthly.

A GREAT RECORD

Santa Fe Beats World Record For
Long Distance Run With Scotts
Special.

Scotty Scott the cowboy miner millionaire who got drunk in California and paid \$5,500 for a special train to take him to Chicago, gave the Santa Fe company an opportunity of making a speed record which will not be equalled soon. The run of 2,241 miles was made in forty-four hours, fifty six minutes, which is twenty-three hours faster time than the California limited trains make when they do their best. The Santa Fe company is "it" in big letters for long speed record. One hour of the run in Illinois covered 106 miles. The divisions west and east from Dodge City made good records. Engineer Henry Simmons and Fireman Guy Davidson brought the special into Dodge from the west. Running faster than a mile a minute. As the train plowed past Howell "Scotty" reeled over the tender and joined the engine crew to tell the boys that he loved them, and regret that they were too busy to take a drink with him. Conductor McIntyre was in charge of the train and Trainmaster Ruppert who met the special at La Junta was on board. The firemen and engineer received \$10 each from Scott who was delighted with the way they warmed up the rails. Engineer Ed Norton and Fireman C. L. Gray took the special east with Conductor Hannum as chaplain and Trainmaster Coffey as commander in chief. Mr. Norton is a famous driver but he had bad luck. His engine went lame and was dropped at Kent. From Kent to Newton would have been a run which would have been among the records if the engine had held out. What ever glory there is in this remarkable run belongs to the trainmen and officers of the Santa Fe. Such a record made just at this time, when other roads have been kidnapping general managers, general superintendents and other officials from the Santa Fe, shows not only that the road has not been crippled, but that every thing is in the finest possible working order, better than ever before, and better than other railroads.

Entertainment Course the Coming Season.

Those interested in having a course of Lyceum entertainment the coming fall and winter are requested to make it known by their subscriptions before August 1st. A course of Five Popular entertainments, two musical, two lectures and one monologist is proposed on an advance subscription of three hundred season tickets at \$1.00 each, which includes reserved seat privilege. This is 20 cents each and is conditioned on three hundred persons coming forward voluntarily and subscribing for tickets to be taken and paid for as soon as delivered after the number is secured to guarantee the course, and is limited to the month of July, at the close of which the contract must be signed up. You are each equally interested with all others and if you fail to make response in time, the opportunity to get the course at that extremely low rate will be lost. You can hand in your name to the undersigned or to L. G. Grobety or to Nelson Crawford as is most convenient.

CAMP AT GROUNDS.

Home People Can Secure Tents at Reunion Grounds.

A number of Dodge City people are preparing to take an outing at the park during reunion week. There will be plenty of tents so that home people as well as the visitors may camp upon the grounds during the week should they desire to do so. All who desire to secure private tents should apply to Secretary Arment for them.

The Diamond Cure.

The latest news from Paris is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave immediate relief, and effected a permanent cure." Unequalled quick cure, for Throat and Lung Troubles. At Rath & Bainbridge drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

ADAMS COMING SURE

Folk, Hoch and Adams are All Certainties at Reunion.

Definite information has been received that on Governor's day at the Dodge City reunion, Folk of Missouri, Hoch of Kansas and Adams of Colorado will be present. The matter was not entirely settled as to Ex-Governor Adams, until a few days ago. Judge Madison has received a letter from Mr. Adams in which the latter promises positively to be present.

There should be a general hustle made now to arrange that big parade for Governor's day. It can be made a strong feature of the reunion.

The material used in the construction of all the principal buildings now in course of erection in Dodge City is being furnished by The Berryman Lumber Co., which recently bought the yards formerly conducted by Sturgeon & Sons and Mo. Lumber & Supply Co. Good material at low prices is the reason. When you contemplate building submit your specifications to them. They will quote prices in detail or for the complete bill which can hardly be duplicated. Try them.

Notice.

All persons desiring privileges in the park during the reunion will apply to the secretary as to choice of locations. First come first served. All privileges must be paid for when location is selected. No reservations whatever.
